Buyer Audit Preparation Checklist

Department: Compliance & Sustainability

Pre-Audit Documents to Prepare:

- Valid factory license and trade license.
- Fire safety certificate and drill records (last 6 months).
- Building safety certificate.
- Wage records and payroll sheets (last 3 months).
- Attendance records.
- Child labor prevention policy and age verification records.
- Grievance mechanism records.
- Chemical storage and MSDS sheets.

Common Audit Findings to Avoid:

- Missing fire extinguisher inspection tags.
- Blocked emergency exits.
- Incomplete wage payment records.
- No grievance box for workers.
